The **benefits.**

Clean, laser-focused energy. That's what comes in every can of Fucoidan-rich BLU FROG®. Compare it to convenience store energy drinks and you'll see why it's the exclusive choice of people who really get things done. There's no crash, there are no jitters, and there's no fake stuff. Just gentle, natural sweetness and a refreshingly tart flavor from an abundance of power-packed fruits in every crisp, cold can of BLU FROG®.

Frequently asked questions.

What are BLU FROG® & BLU FROG 2®?

BLU FROG® & BLU FROG 2® are wildly healthy, LIMU-based energy drinks that help improve performance, endurance and concentration.

What is the difference between BLU FROG® & BLU FROG 2®?

BLU FROG 2® is a heightened version of BLU FROG®—with more energy, less sugar and fewer carbs.

What do BLU FROG® & BLU FROG 2® cost?

Comparable in cost to other energy drinks, BLU FROG® sells for \$65 per case of 24 cans, and BLU FROG 2® sells for \$70 per case of 24 cans.

How much LIMU ORIGINAL is in each can of BLU FROG® & BLU FROG 2®?

Each 8.4 fl. oz. can of BLU FROG® & BLU FROG 2® contains 2 fl. oz. of our proprietary LIMU ORIGINAL® Blend.

Is it safe for anyone to drink BLU FROG® or BLU FROG 2®?

Frequently asked questions.

What does quercetin do?

Quercetin inhibits the breakdown of the adrenaline that your body creates naturally so you feel energized for a longer period of time without forcing your body to produce more adrenaline.

How many cans are okay to drink in one day?

We recommend drinking no more than three cans in one day.

Can I drink BLU FROG® & BLU FROG 2® with other LIMU products?

We encourage you to incorporate them in with other LIMU products, such as drinking a BLU FROG® or BLU FROG 2® before you work out and then having a LIMU LEAN® Shake after your workout to rebuild your lean muscle tissue and help with recovery. It is also highly beneficial to support your immune system on a daily basis by drinking the recommended servings of LIMU ORIGINAL®.

How long do the effects last?

Though everyone is different and it may depend on the level of activity exerted after drinking either a BLU FROG® or BLU FROG 2®, the average length of energy felt is four hours.

What is the sediment in BLU FROG®?

Crystallization in BLU FROG® is sometimes the product of prolonged refrigeration, but it's still safe to drink. Just shake it up before you pop the top!
